hello

WE ARE ADAM & KELLI

Words cannot describe how grateful we are that you are taking the time to read our profile. We do not know your circumstances, but we recognize the incredibly brave decision you are considering. We promise to give your precious child a safe, happy, loving home and a life filled with every opportunity possible!

We want you to have peace in knowing that you and your child are loved, respected, and honored. Your child will grow up knowing you are a hero. You are loving, strong and selfless for thinking of the needs of your child more than your own. Thank you for considering adoption and taking the time to learn about our family!

WITH LOVE,

Adam & Kelli

This is our story...

Adam and I were high school sweethearts and have been married for 12.5 years! I am a doctor and my amazing husband is a farmer. We joke that our life together is a cool combination of city and country! Our son, Luke, is 7. For fun we love to vacation at the beach, experience life at our farm, explore new cities, and enjoy all things outdoors - biking, hiking, horseback riding, skiing, and more! We also enjoy just hanging out at home with family and friends.

As long as we are spending time together as a family - we're happy! We do homework together each night, we make fun scavenger hunts in our backyard for the neighborhood kids, we go to children's museums & the theater, we make homemade play-dough, we read bedtime stories...you get the idea!

Adam and I have flexible work hours, and family is our priority. We are financially secure.

Our son's college account is fully funded, and we've already set aside money to do the same for your child. We will provide a home full of love, stability, opportunity, and fun!

WHY WE ARE ADOPTING

Adam and I believe that everything happens for a reason, and God planned this moment in our lives. It is no accident that you are holding this book. We want to spend our life loving your child, but even if you don't choose us - we want you to experience an incredible sense of peace, hope, energy, and joy with whatever decision you make!

The most simple reason of all, and yet also the most important, is that adoption just feels right. We have always dreamed of a big family, however we have struggled with infertility for several years. This journey has allowed us to grow and realize that our hearts' desire is to fulfill that dream through adoption!

Our family has embraced adoption for many years as several of our friends and relatives have adopted children - Isaiah (9 months), Logan (1), Stella (6), Maguire (13) and our sister-in-law, Lynn (42) were all adopted as infants. We feel so lucky to have their valuable expertise throughout this journey - from both the kid and adult perspective!

We want to honor you throughout this journey and your child will be raised knowing that your love is what gave them this amazing life!

MEET

Kelli

Adam jokes that I can find joy in the most ordinary things... but it's true! I am naturally a positive person, and I love making others smile. For example, our son is not a morning person. So sometimes I am the "good morning train" - that's me waking him up with piggy back rides to different stations like "brush-your-teeth-ville" and "get-your-clothes-on-ville". I know it may sound silly and won't last forever, but it makes my little boy smile and starts his day off with a good attitude!

"Kelli is graceful, easy-going, energetic, creative and deeply devoted to everything she does." - Adam

ADAM

Our friends say that Kelli and I are the perfect match because she likes to dream big ideas and I tend to make them happen. Like we enjoy the outdoors, so I built us a deluxe treehouse - complete with swings, climbing wall, curly slide, zip line, and a hideout tower with a telescope. Luke and the neighborhood kids love their "epic playhouse" and spend hours outside using their imaginations.

I also volunteer to coach Luke's sports teams including soccer, baseball, and basketball. I tend to be a level-headed, go with the flow person, and friends know they can call on me anytime to help them out.

OUR HOME

Our cozy home is filled with so much joy and laughter!

Our home sits on 29 acres, and we love our huge backyard! Neighborhood kids enjoy riding bikes and scooters on our long paved driveway or meeting up to play basketball at our shed. Luke and his friends help me plant vegetables in our garden and take home fresh eggs from our chicken coop. Our 5 year old yellow lab, Charlie, is wonderful with kids, chickens, and our kittens!

We live in a wonderful small town outside a larger college community filled with diversity, culture, and family events. We enjoy the safety and ease of small town living and also the conveniences of larger nearby cities including a children's museum, zoo, waterparks, skiing, and festivals! We chose this community because of the opportunities provided by the public school district which is consistently ranked among the top in our state.

We love spending weekends at our second home on our family farm about an hour away. All of our extended family live nearby and we get together with grandparents, aunts, uncles, and cousins weekly!

MEET LUKE

Our 7 year old son is overjoyed about becoming a big brother! Luke is kind hearted, generous, and funny. He loves animals, playing basketball, riding his bike, and playing with friends. He loves so big, and will be the best big brother a child could ask for!

When Luke was a toddler, he struggled with some developmental and communication delays. We got him the right therapy, worked really hard and he is now doing great! He is a happy, healthy, "average" first grader and we are so proud!

MEET OUR FAMILIES

Fun family fact - no one in either Adam or my family has ever been divorced! Adam's parents (Grandma Cindy and Papa J) have been married for 43 years, and mine (Grandma Teresa and Papa Eddie) have been married 45! We are not perfect- but we love each other deeply, support each other, have fun and forgive!

Most of our extended family lives within an hour and we see each other several times per week. Almost everyone is either a teacher or a farmer with the exception of an occasional doctor, coal miner, a police officer, and a secretary. Your child will be surrounded by a big family and will always know that they are loved and we are here to stay!

IN OUR FAMILY WE...

*Say I love you. Always tell the truth. Dream big. Do our very best.
Learn from our mistakes. Say I'm sorry. Believe in miracles.
Say our prayers. Keep our promises. And laugh a lot!*

Whether it's traveling, sports, art classes, music lessons, learning a new language...we're up for anything! We will give your child every opportunity to explore this great big world and encourage them follow their dreams!
